

PCJWSA Director Larry Rouse

Larry has resided in Oregon for over 68 years. He grew up in Portland and attended both grade and high school there. After serving an enlistment in the US Navy he attended Portland State University.

Upon retirement, after a thirty year career with Citi Group, he retired to Pacific City where he and his wife, Ilean owned a second home for a number of years. He was active in the formation of the Pacific City/Woods Citizens Planning Advisory Committee. He has served as Chair and at present is serving as Past Chair. Currently he is the President of The Pacific City Heights Neighborhood Association.

He has volunteered for many years as a host for the "Whale Watch Spoken Here" program at Cape Lookout and at local fish restoration hatcheries.

His wife Ilean and he adopted Brooten Road from Hwy 101 to Pacific City to help keep our area clean. They ask for your help in securing your load for trips to the transfer station and please don't litter.

Ilean and Larry have four children and five grandchildren. All of the grandkids love the beach and will be future stewards of the Oregon Coast.
